

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

JOINT APPLICATION OF BOONE COUNTY	)	
WATER AND SEWER DISTRICT AND RIVERSHORE	)	CASE NO.
FARMS DEVELOPMENT FOR A CERTIFICATE OF	)	90-130
PUBLIC CONVENIENCE AND NECESSITY, APPROVAL	)	
OF INITIAL RATES AND TRANSFER	)	

O R D E R

On May 14, 1990, the Boone County Water and Sewer District ("Boone County") and Stabil, Inc. ("Stabil") filed a joint application for a Certificate of Public Convenience and Necessity to construct a sewage treatment plant and collection system to serve the Rivershore Farms development, and for Commission approval to transfer the sewage treatment plant and collection system upon construction to Boone County. On July 11, 1990, the Commission granted a Certificate of Public Convenience and Necessity for the proposed construction and approved the transfer to Boone County.

By letter filed on September 23, 1992, Stabil stated that approximately 90 percent of the collection system is complete, and requested approval of a modification to the proposed construction. Stabil is proposing to relocate the sewage treatment plant site approximately 400 feet from its original location.

The Commission, having reviewed the information submitted and being otherwise sufficiently advised, finds that the proposed sewage treatment plant relocation has been approved by the Natural

Resources and Environmental Protection Cabinet and that the relocation should not adversely affect service to the proposed development.

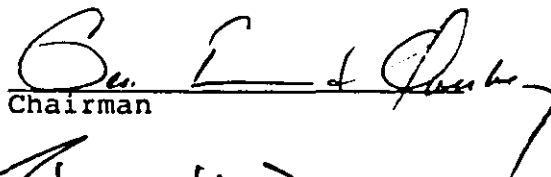

IT IS THEREFORE ORDERED that:

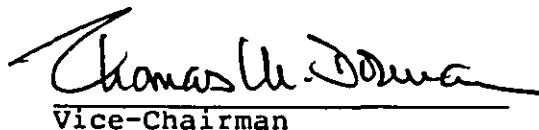

1. The proposed sewage treatment plant relocation be and it hereby is approved.

2. All of the requirements of the Commission's previous Order entered July 11, 1990 shall remain in full force and effect as if restated in this Order.

Done at Frankfort, Kentucky, this 15th day of October, 1992.

PUBLIC SERVICE COMMISSION

  
Chairman

  
Vice-Chairman

  
Commissioner

ATTEST:
